ISDEFE IN 1 MINUTE

Ingeniería de Sistemas para la Defensa de España, Isdefe, is a state-owned company created in 1985 that is owned by the Ministry of Defence, and is an in-house technical service provider for the Spanish Administration. We offer engineering and consulting services to public bodies and national and international institutions in areas of technological and strategic interest.

We rely on Innovation to anticipate the challenges and future needs of the Administration.

Our Values

Independence

What sets us apart is our relentless determination to defend the interests of the Spanish Administration against any type of industrial, commercial or economic constraints.

Global Vision

We are a multidisciplinary organisation with a wide diversity of job profiles that, when combined, allow us to provide comprehensive services.

Proactivity

We anticipate the needs of the Spanish Administration while providing innovative solutions.

Commitment

We are committed to the Spanish Administration, our organisation and the rest of society, working ethically and professionally.

Experience and Know-how

Our activity is based on offering knowledge gained over our 30+ years of lending services and providing efficient solutions.

Sectors of Activity and Services

We provide engineering and consulting services in the following sectors of activity:

Defence and Security

Space

Transport

Public Administrations

ICT

Energy

Key Points

As the in-house technical service provider in the field of Defence and Security, we support the Spanish Administration in its major challenges with:

Services that cover all phases of the life cycle, from conceptualisation to start-up and maintenance.

Expert professionals in strategic, technology and management fields.

Successful and effective solutions throughout its entire history of providing services to the Administration.

Our reason for being

Our purpose is to provide services and technical support to the Ministry of Defence, the Spanish Administration and other international public organisations. We offer solutions to their major challenges and needs.

We have a special corporate model, in that we are a non-profit company, other than to ensure our own sustainability.
